## **News Release**

**Leroy D. Baca, Sheriff**

The GDT kids and Explorers of Carson station went on a field trip on Monday, April 22nd to the Angels vs. Texas Rangers baseball game at Angels Stadium. The youth were taken on this outing because they have shown academic achievement and social responsibility.

We are continuously proud of our youth who show the skills to cope with outside pressures and not use where they grow up or their economic status as a disadvantage. We believe that these outings provide a variety of benefits to the youth and are good for them to do something different out of their normal environment.

All who attended had a great time and enjoyed the game.
