News Release

Beginning December 2, 2014, the Los Angeles County Sheriff's Department (LASD) will accept limited property-related reports online.

The Sheriff's Online Reporting and Tracking System (SORTS) has been created for the convenience of the public we serve. Citizens can submit these reports via computer or a smartphone 24 hours a day, 7 days a week. Through the use of technology, citizens can submit a report to document limited property-related incidents and receive a copy of the report via email.

SORTS is not intended to replace our current tradition of service to the public, but to enhance it by providing an additional option.

No emergency reports or tips will be taken through this system.

For any questions related to this system, you can contact Carson Station at (310) 830-1123
