

Los Angeles County
Sheriff's Department

COPS Bureau

The mission of COPS Bureau is to provide a holistic approach to problem oriented policing by developing, maintaining, and coordinating a multitude of assets to proactively reduce violent crime and enhance the quality of life for residents throughout the unincorporated regions of Los Angeles County.

The goal for COPS Bureau is to take a leadership role in improving the overall quality of life in the neighborhoods we serve through the persistent application of innovative law enforcement procedures. This concept is of course based upon ethical, professional and effective practices and strategies that support the use of prevention, intervention and suppression techniques that unite the energies of families, schools, neighborhoods, communities and law enforcement agencies.

COPS Bureau is passionate and committed in improving not only the quality of life in the communities we serve, but in building a stronger partnership between the community and the Department as well.
