

Los Angeles County Sheriff's Department

East Los Angeles Station

V.I.D.A.

(Vital Intervention Directional Alternatives)

If you are a parent or guardian seeking help and guidance with your at-risk youth...

East LA V.I.D.A. Program is for you!

The V.I.D.A. program has successfully steered hundreds of at-risk youth. Many V.I.D.A. participants felt it was the first time they have experienced structure in their lives; most often structure is what the youth desperately need. For others, it may be their last opportunity to avoid the criminal justice system. The V.I.D.A. deputies serve as teachers, coaches, and mentors. Participants must be between 11 – 17 years of age **and** must commit to a 16 week course. V.I.D.A. participants attend weekly individual and family counseling, physical training, and team building.

Please Let Us Make a Difference in the Life of Your Child
