

COMMUNITY RESOURCE (CORE) TEAM

The Lomita Station CORE Team is a specially selected team made up of four deputies and a sergeant. The team addresses neighborhood concerns, quality of life issues, and problem juvenile behavior proactively, before these issues escalate into criminal activity.

Their days (and nights) are quite diverse addressing issues from graffiti to homelessness to school education programs. The deputies assigned to the team have volunteered for these positions and wish to strengthen the sense of "community" and "neighborhood" that we all cherish and value.

If you are experiencing an on-going neighborhood problem, a problem with graffiti, or a problem with a delinquent youth, feel free to contact the Lomita Station CORE Team at (310) 539-1661.
