

“Hope for the best, but be prepared for the worst...”

What would you do to escape an “Active Shooter?”

The tragic events around the nation and close to home highlight once again the need to be constantly vigilant for threatening situations involving active shooters. A simple conversation with your family, friends and love ones today regarding the appropriate actions you can take could reduce your vulnerability. To assist you we have included insightful reference material provided by the Los Angeles County Sheriff's Department (LASD).

The following is a link to the LASD training video entitled “Surviving an Active Shooter – What Would You Do?”
