

# PACIFIC COAST UNIVERSITY SCHOOL OF LAW

Pacific Coast University (PCU) was founded in 1927, and is located in the city of Long Beach. The program offers a traditional curriculum in law, leading to the Juris Doctor degree and qualifying graduates to sit for the General Bar Examination of California. PCU has a proud history of serving the needs of hard-working people raising families and trying to advance themselves despite limited funds. To ensure a quality education, PCU's classes are small, limited to 50 students, so that instructors are accessible for questions and discussion.
