

Los Angeles County **Sheriff's Department**

Career Guidance

The VIDA program utilizes community-based organizations to assist participants through a self-help concept to learn job skills, interviewing techniques, and job placement. Annually, VIDA participants attend "Dreams day" wherein the VIDA staff brings employers from a variety of professional fields to speak to participants about job opportunities and requirements. Additionally, VIDA has partnered with the University of Antelope Valley for scholarships, and maintains relationships with recruiters from all branches of the military.
