EDUCATION BASED DISCIPLINE PROPOSAL

The MPA has met with the Sheriff of the Los Angeles Sheriff's Department and asked that he speak to our police chief about adopting an education based discipline process. The Sheriff said he was willing to meet with our Chief, so the MPA is in the process of setting this up. If Mesa PD could adopt this type of discipline model, the performance, morale and productivity of Mesa Police would increase dramatically!

For more on education based discipline, view a recent article in American Police Beat magazine <http://www.apbweb.com/policy-updates-news-menu-25/1093-education-not-punishment-creates-a-better-system.html>
